## SAYS OVEREATING BANKRUPTS MANY

Physical Insolvency Awaits For Those Who Abuse Stomachs.

### MEALS SHOULD PAY DIVIDENDS

Tanlac Health Expert Chats in Novel Way of Bodily Problems and Describes New Treatment Which Has Proved Tremendous Success Everywhere Introduced—"Tired Feeling" No Joke.

"Are your meals paying you dividends?" "Or are they plunging you into physical bankruptcy?"

These were novel questions the Tanlac health expert recently asked. He continued:

"Every meal you eat should give you more than mere satisfaction of your hunger. It should add to your supply of blood, bone and muscle. It should give you more strength, more vigor, more vitality to carry you pleasantly and profitably through life."

"Tired Feeling" No Joke.

"You will notice that some people never get plump. No matter how much or how little they eat, they remain scrawny and thin. They are weak, anemic, easily exhausted, and afflicted with that tired feeling, which is no joke, but a symptom of dangerous illness on the way. Such people are seldom happy. They are always weary, and often nervous and irritable. They don't sleep well. Their stomach is a source of constant distress and discomfort. Belching and bloating from gas, headaches, dizziness, indigestion, dyspepsia, pains in the back, and other ailments keep them almost constantly miserable."

Tanlac Great Success.

"Tanlac, the new tonic which has been having such wonderful success everywhere it has been introduced, is designed to relieve disorders which have their origin in a run down condition of the digestive and assimilative organs. Its success as a reconstructive tonic, appetizer, invigorant and revitalizer depends in large part upon its having aided digestion and promoted assimilation, so that food taken into the system becomes a benefit. When the stomach and other digestive organs are in good condition, the foundation of health has been laid."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in Barbourville by Herndon Drug Co.

Other exclusive agents in nearby towns are as follows:

Gragg; Shamrock, Climax Coal Co.; Middlesboro, Frank L. Lee; Gatliff, Gatliff Coal Co.; Williamsburg, E. F. Nelson; Dry Hill, E. M. Nolan; Beattyville, Thomas Pryse.

The Lynn Camp Baptist Association held her annual communion with the Baptist church at Grays last Friday and Saturday. A large delegation was present, and every church in the Association was represented. Among those who attended from this place were, Revs. J. A. Lowry, J. T. Stamper, J. H. Blackburn, G. W. Nicholson, and E. W. Roach, of Cumberland River church; Mr. Lewis Lawson, Mrs. Lizzie Branstetter, Misses Rebecca Redmond, Mary Vanbever, and Rev. John Vanbever, of the Pleasant View church; Rev. J. ### How Catarrh is Contracted.

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

## COX

On Thursday Oct. 19th, Zachariah Cox, who was a Justice of the Peace for many years of this county, died at his home near Grays in this county.

Mr. Cox was about 60 years old and was one of Knox county's good citizens. His health had been failing him for some time and his death was expected by his neighbors, but many of his friends here were shocked to hear of his death.

## Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.
